10PPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular,
10BJECT to the definition of "inordinate amount" which restricts the availability
and the right to obtain medically necessary compounded medications by limiting
the number of prescriptions that can be shipped across state lines from specialized
compounding pharmacies.

COMMENTS: I have spent \$100.00 with no
relief. Now my compounded prescription
relieves my symptoms and makes it possible
for me to live normally thru out the month
It is much better this way rather than
being in a mental institution or jail which
cost tax payers millions of dollar
